

Update for families, as of October 14th 2020, please contact Alexis Monn (717-240-1903, amonn@claremontnursing.com) to setup a visitation appointment one week in advance of your visit. Due to the volume of calls, we are scheduling one visit per family per week for a 30 minute time slot. In courtesy to other families, be on time for scheduled visits. You will be screened outside of the facility, prior to either an outside or an inside visit. Please remember to wear a mask, maintain 6ft distance from the resident and keep your group to a 2 person maximum.
